The Springwood Villas II Community

Being on the Board means being a volunteer who represents the entire association. All decisions need to be made considering the overall interest of the entire community. Some members will like the decisions while others will disagree. Our individual priorities, our personal likes and dislikes are diverse. We can't please all the people all the time, as the saying goes.

Through respectfully listening to the community and with clear communication and decisions guided by Florida Statute, our Declaration, our Bylaws, our Rules, and our budget we can make reasonable decisions in the best interest of all. Like most things in life, you get out of it what you put into it.

For our community to thrive, we must have active participation amongst the members. This means more than anything, doing all the little things. To accomplish the many projects and administrative tasks we will set up Committees and I encourage you to volunteer on a committee. You will be hearing more about these Committees in the coming days.

I look forward to working with you, my neighbors, and to listen and to communicate as best I can. Working harmoniously with my fellow Board members I will ensure that the operational needs of the Springwood Villas II community are achieved in a fair and efficient manner.

Most importantly it is my hope that we all have a growing sense of community, of belonging and of being neighbors.
