Letter from the President:

Pool and Drainage: This remains a concern. Bids for jetting the drains are being taken. Hopefully, this will work better than the auger alternative.

Community Drainage: Meetings with the engineer and possible solutions will be discussed at the September board meeting.

Drainpipe: The drainpipe coming into our pond from the school side is still being evaluated by the engineer and the attorney.

FOB's: Bidding is still in process for the FOB system.

Carr A/C: Maintenance has been performed, and the filters have been replaced.

Soffit Vents: The Soffit vents have been replaced at the Chemical room locations to ensure better ventilation. Thanks, Rich.

Speaker Wiring: The speaker system wiring has been completed and neatly tucked away. Thanks, Rich.

Arborist: The lawn service is being contacted to have their arborist evaluate the trees throughout the community. A board member is in the process of finding the boundary lines to determine whether the trees along the fence line belong to the community. Thanks Terri

Repurpose the Shuffleboard Court: There have been only a few suggestions for the use of the shuffleboard court. We will post those suggestions in the next Springboard.

Concerns:

Trash: When using the clubhouse to host your event, recycling bins and trash must be set out for pickup. Please remember to return them to their proper location when emptied.

Pet Waste: Please remember to pick up after your pet.

Construction Request: Please remember to fill out a construction/landscape request when making changes to your home or landscaping. This includes painting, even if it's the same color. This gives us a history of improvements.

Walking between Houses and Villas: When walking in common areas near homes or villas, please remain on the sidewalks or streets, or at least 8 feet away from your neighbor's home. This will help maintain privacy for all residents.

Start Preparing Now

Peak Hurricane Season is Upon Us:

Make sure you have enough water and non-
perishable food on hand to hold you over for
several days. Make sure your prescriptions are up
to date, refill if needed.

Move outdoor furniture and decorations to a safe
location. If you don't have room inside, move them
to the side of your home as those areas have more
wind protection than the front or back.

If you need help contact a board director for
assistance.
